PORTHLEVEN CRICKET CLUB

MISSION STATEMENT

- To provide the opportunity for the community to play cricket as a recreational summer activity, for all ages who have a love for the game.
- To provide an activity for the young people in the area which is both character building and which develops a sense of belonging, thereby engendering a sense of community spirit in the up and coming generation of the Porthleven area.
- To recognize that our junior players are the real strength and future of our club, and to continually encourage them to perform to the best of their ability.
- To promote a sense of friendship, camaraderie, mutual support and fun, both on and off the field amongst all those involved in the club and the visitors to our club.
